Subject Index to Volume 22

A

Accuracy, OECD and IMF projections, 61
Adjustment policies, effect on macroeconomic performance in Pakistan, 117
Africa, effect of macropolicy reform on poverty, 753
Agriculture
  CGE model for policy analysis in the Philippines, 589
  European Union, Common Agricultural Policy (CAP), implications of eastern enlargement, 661
  relation with industrial sector, in India, 533
Allocative disturbances, VECM analysis, effect of in Italian labor market, 777
Asymmetric monetary policy, Taiwan data, 197

B

Barro, neoclassical model, Italian interest rates, 149
Brazil, Collor Plan to stabilize inflation, 417
Burley tobacco, strategic behavior in international market, 139

C

Cameroon, effect of macropolicy reform on incomes of the poor, 753
Capital flows, Tobin tax and other controls, 391
China, environmental policy analysis, CGE modeling, 453
Cities, modeling dynamics of street gang growth, 1
Cointegration, wage setting, taxes, and labor demand in Greece, 171
Collor Plan to stabilize inflation in Brazil, 417
Community Support Framework (CSF), effects of on economy of Greece, 611
Companion matrix, wage setting, taxes, and labor demand in Greece, 171
Computable general-equilibrium (CGE) modeling
  effect of macroeconomic adjustment on poverty in sub-Saharan Africa, 753
  effects of carbon tax on economy of Norway, 719
  effects of MERCOSUR in Latin America, 557
  environmental policy analysis in China, 453
  policy analysis in an agrarian economy (the Philippines), 589
  scenarios for European Union eastern enlargement, Common Agricultural Policy, 661
  use of nuclear-generated power in Lithuania, 691
Consumption, and earnings, of laborers in India, 255
Currency (*see also* euro)
  argument for a single worldwide, 281
  volatility, causes and cures, 281
Currency exchange rate
  euro, 355, 369, 407
  fixed system, advocated, 281
  Tobin tax, 391
  volatility, 281, 369

D

Dornbusch model, monetary dynamics, 99

E

Economic development funds, comparative analysis at U.S. nuclear weapons sites, 801
Economic growth, modeling investment behavior during, in Korea, 43
Elasticities
  long-run, of Japanese import demand, 625
  of substitution, energy-capital-labor substitution implications for CO_2 abatement in Germany, 641
